

Datasheet: 5545-0202

| Description:  | SYNTHETIC HUMAN KATACALCIN |  |  |
|---------------|----------------------------|--|--|
| Name:         | KATACALCIN                 |  |  |
| Format:       | Purified                   |  |  |
| Product Type: | Purified Protein           |  |  |
| Quantity:     | 0.1 mg                     |  |  |

## **Product Details**

## **Applications**

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <a href="www.bio-rad-antibodies.com/protocols">www.bio-rad-antibodies.com/protocols</a>.

|       | Yes | No | Not Determined | Suggested Dilution |
|-------|-----|----|----------------|--------------------|
| ELICA | _   |    |                |                    |

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

| Target Species                    | Human   |  |  |

**Product Information** 

**Human Katacalcin**, also known as Calcitonin precursor peptide, is a member of the calcitonin gene family. Katacalcin is a calcium-lowering hormone that can significantly lower plasma calcium levels.

| Molecular Weight    | 2436.9 Da  |                                |
|---------------------|--|--------------------------------|
| Purity              | Purity: >95%   |                                |
| Amino Acid Sequence | Asp-Met-Ser-Asp-Leu-Glu-Arg-Asp-His-Arg-Pro-His-Val-Ser-Met-         | Pro-Gln-Asn-Ala-Asn            |
| Storage             | Store at -70°C.  |                                |
|                     | Storage in frost-free freezers is not recommended.                   |                                |
|                     | This product should be stored undiluted. Avoid repeated freezing and | d thawing as this may denature |
|                     | the protein. Should this product contain a precipitate we recommend  | microcentrifugation before     |
|                     | use.   |                                |
| Shelf Life          | 18 months from date of despatch.                                     |                                |
