

### Datasheet: AHP1415

| Description:  | RABBIT ANTI HUMAN VDAC1 |  |
|---------------|-------------------------|--|
| Specificity:  | VDAC1                   |  |
| Format:       | Purified                |  |
| Product Type: | Polyclonal Antibody     |  |
| Isotype:      | Polyclonal IgG          |  |
| Quantity:     | 50 µg                   |  |
|               |                         |  |

## **Product Details**

```
Applications
```

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

|                                | Yes | No | Not Determined | Suggested Dilution |
|--------------------------------|-----|----|----------------|--------------------|
| Flow Cytometry                 |     |    |                |                    |
| Immunohistology - Frozen       |     |    |                |                    |
| Immunohistology - Paraffin (1) | -   |    |                | 2.5ug/ml           |
| ELISA                          | -   |    |                | 1/10000 - 1/40000  |
| Immunoprecipitation            |     |    |                |                    |
| Western Blotting               |     |    |                | 1/500 - 1/2000     |
| Functional Assays              |     |    |                |                    |

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

(1)This product requires antigen retrieval using heat treatment prior to staining of paraffin sections.Sodium citrate buffer pH 6.0 is recommended for this purpose.

| Target Species                    | Human   |  |
|-----------------------------------|---|--|
| Product Form                      | Purified IgG - liquid   |  |
| Antiserum Preparation             | n Antiserum to human VDAC was raised by repeated immunisation of antigen. Purified IgG was prepared from whole serum by affinity chro |  |
| Buffer Solution                   | Phosphate buffered saline   |  |
| Preservative<br>Stabilisers       | 0.09% Sodium Azide (NaN <sub>3</sub> )  |  |
| Approx. Protein<br>Concentrations | IgG concentration 0.5mg/ml  |  |
| Immunogen                         | A synthetic peptide corresponding to aa 185-197 of Human VDAC1.   |  |
