

Datasheet: AHP2301

Description:	RABBIT ANTI CYR61
Specificity:	CYR61
Other names:	INSULIN-LIKE GROWTH FACTOR-BINDING PROTEIN 10
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	50 µg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Paraffin	■			5 ug/ml
Western Blotting	■			0.5 - 4.0 ug/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Mouse
Species Cross Reactivity	Reacts with: Human Based on sequence similarity, is expected to react with: Rat N.B. Antibody reactivity and working conditions may vary between species.
Product Form	Purified IgG - liquid
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	30% Glycerol 0.5% Bovine Serum Albumin 0.01% Thiomersal
Approx. Protein Concentrations	IgG concentration 0.5 mg/ml
Immunogen	Synthetic peptide surrounding amino acid 166 of mouse CYR61
External Database Links	UniProt: P18406 Related reagents Entrez Gene:

Synonyms	Ccr1, Igfbp10
Specificity	Rabbit anti CYR61 antibody recognizes cysteine-rich angiogenic inducer 61 (CYR61) also known as insulin-like growth factor-binding protein 10 (IGFBP-10/ IBP-10). CYR61 interacts with integrin receptors thereby regulating a variety of processes including cell proliferation and cell adhesion. CYR61 has also been shown to play a role in angiogenesis, inflammation and chemotaxis.
Western Blotting	Rabbit anti CYR61 antibody recognizes a band of approximately 42 kDa in Jurkat cell lysate and mouse small intestine tissue lysates
Storage	Store at -20°C Storage in frost-free freezers is not recommended. This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
Shelf Life	12 months from date of despatch
Health And Safety Information	Material Safety Datasheet documentation #10096 available at: 10096: https://www.bio-rad-antibodies.com/uploads/MSDS/10096.pdf
Regulatory	For research purposes only
