

Datasheet: AHP2457

Description:	RABBIT ANTI CORO1A
Specificity:	CORO1A
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	50 µl

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	■			1/500 - 1/2000

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species

Human

Species Cross Reactivity

Based on sequence similarity, is expected to react with: Mouse, Rat
N.B. Antibody reactivity and working conditions may vary between species.

Product Form

Purified IgG - liquid

Antiserum Preparation

Antiserum to CORO1A was raised by repeated immunization of rabbits with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.

Buffer Solution

Phosphate buffered saline

Preservative

0.02% Sodium Azide

Stabilisers

50% Glycerol

Immunogen

Recombinant human CORO1A

Synonyms

CORO1

Specificity **Rabbit anti CORO1A antibody** recognizes coronin 1A (encoded by the CORO1A gene), also known as clipin-A, coronin-like protein p57 or tryptophan-aspartate-containing coat protein (TACO). Coronin 1A is a member of the WD repeat coronin protein family. Coronin 1A is expressed by leukocytes and is implicated in cytoskeleton remodeling.

Western Blotting Rabbit anti CORO1A antibody detects a band of approximately 56 kDa in Jurkat cell lysate under reducing conditions

Storage Store at -20°C
Storage in frost-free freezers is not recommended.
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

Shelf Life 12 months from date of despatch
