

Datasheet: MCA5745G

Description:	MOUSE ANTI 2-PROPYLVALERIC ACID
Specificity:	2-PROPYLVALERIC ACID
Other names:	VALPROIC ACID
Format:	Purified
Product Type:	Monoclonal Antibody
Clone:	VA2
Isotype:	IgG1
Quantity:	1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	■			
Immunoassay	■			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Chemical
Product Form	Purified IgG - liquid
Preparation	Purified IgG prepared by affinity chromatography on Protein A from ascites
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Approx. Protein Concentrations	IgG concentration 1.0mg/ml
Specificity	Mouse anti 2-propylvaleric acid, clone VA2 recognises 2-propylvaleric acid, also known as Valproic acid, an analogue of valeric acid. It is used clinically as an anticonvulsant and mood-stabilising drug. It may be used to treat epilepsy, bipolar disorder, migraine headaches and schizophrenia. It is also under investigation for treatment of HIV and cancers. Potential side effects include weight gain and dyspepsia.
Intended Use	Bio-Rad recommends that the user determines this product's suitability for any particular application.

Storage	Store at +4°C or at -20°C if preferred. Storage in frost-free freezers is not recommended. This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
Shelf Life	18 months from date of despatch.
Health And Safety Information	Material Safety Datasheet documentation #10040 available at: 10040: https://www.bio-rad-antibodies.com/uploads/MSDS/10040.pdf
Regulatory	For research purposes only
