

## Datasheet: PRABP004

<b>Description:</b>	RECOMBINANT RABBIT INTERLEUKIN-17A
<b>Name:</b>	IL-17A
<b>Format:</b>	Rec. Protein
<b>Product Type:</b>	Recombinant Protein
<b>Quantity:</b>	5 µg

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

<b>Target Species</b>	Rabbit
<b>Product Form</b>	Purified recombinant protein - lyophilized
<b>Reconstitution</b>	Reconstitute with 20 µl sterile PBS containing 0.1% carrier protein Care should be taken during reconstitution as the protein may appear as a film at the bottom of the vial. Bio-Rad recommend that the vial is gently mixed after reconstitution.
<b>Preparation</b>	Recombinant protein expressed in <i>Pichia pastoris</i> and purified by ion-exchange chromatography
<b>Buffer Solution</b>	Phosphate buffered saline
<b>Preservative Stabilisers</b>	10% Trehalose

**Product Information** **Recombinant Rabbit interleukin-17A** is a recombinant protein corresponding to aa 24 - 153 of rabbit interleukin-17A (IL-17A). IL-17A is a disulfide-linked homodimer and member of the IL-17 family, secreted primarily by activated CD4<sup>+</sup> T cells, which signal through the IL-17 receptor (IL-17R).

IL-17 induces a variety of target cells to secrete inflammatory cytokines, including IL-1 $\beta$ , IL-6, TNF $\alpha$ , IFN $\gamma$  and granulocyte colony-stimulating factor, as well as synergizing with other inflammatory cytokines and agonists.

<b>Protein Molecular Weight</b>	14.9 kDa
<b>Purity</b>	>95% by SDS PAGE analysis
<b>ELISA</b>	This reagent may be used as a standard in a sandwich ELISA assay in conjunction with <a href="#">AHP2990</a> as a coating antibody and <a href="#">AHP2990B</a> as a detection antibody.
<b>Storage</b>	Prior to reconstitution store at -20°C. After reconstitution store at -20°C. Storage in frost-free freezers is not recommended. This product should be stored undiluted.
<b>Shelf Life</b>	12 months from date of despatch
<b>Health And Safety Information</b>	Material Safety Datasheet documentation #10591 available at: 10591: <a href="https://www.bio-rad-antibodies.com/uploads/MSDS/10591.pdf">https://www.bio-rad-antibodies.com/uploads/MSDS/10591.pdf</a>
<b>Regulatory</b>	For research purposes only
