Where this antibody has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the antibody for use in their own system using appropriate positive/negative controls.

### Target Species

Rat

### Product Form

Purified monoclonal IgA - liquid

### Preparation

Purified IgA prepared by affinity chromatography from tissue culture supernatant

### Buffer Solution

Phosphate buffered saline

### Preservative Stabilisers

0.1% Sodium Azide

### Approx. Protein Concentrations

1.0 mg/ml

### Purity

Single band by agarose electrophoresis (5) and immunoelectrophoresis (6).

### References

**Storage**

Store at +4°C or at -20°C if preferred.

This product should be stored undiluted.

Storage in frost free freezers is not recommended. Avoid repeated freezing and thawing as this may denature the protein. Should this product contain a precipitate we recommend microcentrifugation before use.

**Shelf Life**

18 months from date of despatch.

**Health And Safety Information**

**Regulatory**

For research purposes only.
