

Datasheet: PRP04

Description:	RAT IgG2a KAPPA
Name:	IgG2a KAPPA
Format:	Purified
Product Type:	Purified Protein
Isotype:	IgG2a
Quantity:	1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	■			

Where this protein has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the protein for use in their own system using appropriate positive/negative controls.

Target Species	Rat
Product Form	Purified myeloma protein - liquid
Preparation	Purified myeloma protein prepared by affinity chromatography from tissue culture supernatant
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.1% Sodium Azide
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
External Database Links	UniProt: P20760 Related reagents P01835 Related reagents P01836 Related reagents Entrez Gene: 679045 LOC679045 Related reagents 500180 LOC500180 Related reagents

Storage	Store at +4°C or at -20°C if preferred. Storage in frost free freezers is not recommended. Avoid
----------------	--

repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

Shelf Life	12 months from date of despatch.
