

## Datasheet: VPA00603

|                      |                         |
|----------------------|-------------------------|
| <b>Description:</b>  | RABBIT ANTI IFITM1      |
| <b>Specificity:</b>  | IFITM1                  |
| <b>Format:</b>       | Purified                |
| <b>Product Type:</b> | PrecisionAb™ Polyclonal |
| <b>Isotype:</b>      | Polyclonal IgG          |
| <b>Quantity:</b>     | 100 µl                  |

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

|                  | Yes | No | Not Determined | Suggested Dilution |

| Western Blotting | ■   |    |                | 1/1000             |

**PrecisionAb antibodies have been extensively [validated for the western blot application](#).** The antibody has been validated at the suggested dilution. Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Further optimization may be required dependant on sample type.

|                                 |                                                                                                                                                                                                                                                                                                     |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target Species</b>           | Human                                                                                                                                                                                                                                                                                               |
| <b>Product Form</b>             | Purified IgG - liquid                                                                                                                                                                                                                                                                               |
| <b>Preparation</b>              | Rabbit polyclonal antibody purified by affinity chromatography                                                                                                                                                                                                                                      |
| <b>Buffer Solution</b>          | Phosphate buffered saline                                                                                                                                                                                                                                                                           |
| <b>Preservative Stabilisers</b> | 0.09% Sodium Azide (NaN <sub>3</sub> )<br>2% Sucrose                                                                                                                                                                                                                                                |
| <b>Immunogen</b>                | Synthetic peptide directed towards the N terminal region of human IFITM1                                                                                                                                                                                                                            |

| <b>Synonyms</b>                 | CD225, IFI17                                                                                                                                                                                                                                                                                        |
| <b>Specificity</b>              | <b>Rabbit anti Human IFITM1 antibody</b> recognizes IFITM1, also known as dispanin subfamily A member 2a, interferon-induced protein 17, interferon-induced transmembrane protein 1, interferon-inducible protein 9-27, CD255 leu-13 antigen. CD225 is an interferon induced protein active against |

multiple viral species preventing their entry to host cell cytoplasm.

Rabbit anti Human IFITM1 antibody detects a band of 14 kDa. The antibody has been extensively validated for western blotting using whole cell lysates.

|                                      |                                                                                                                                                                                                                     |
|--------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Western Blotting</b>              | Anti IFITM1 detects a band of approximately 14 kDa in K562 cell lysates                                                                                                                                             |
| <b>Instructions For Use</b>          | Please refer to the <a href="#">PrecisionAb western blotting protocol</a> . For additional information on secondary antibody dilution and exposure time see product web page.                                       |
| <b>Storage</b>                       | Store undiluted at -20°C, avoiding repeated freeze thaw cycles                                                                                                                                                      |
| <b>Shelf Life</b>                    | As supplied, 12 months from date of despatch                                                                                                                                                                        |
